How did I get involved in Twirling	My daughter Aisha decided to give twirling a go in December 2005 and quickly became hooked. From being a supporter to now being a Board member, I have loved every second.
Most memorable twirling occasion	Her first International competition in Ireland in 2008. Hosting the World Championships in 2014 and watching her take the floor with the England team and winning National overall the same year. Such proud moments that I cherish.
Interesting fact about me	I used to be a gymnast!
